	Maximum balance €40,000. Once the balance reaches €40,000 the entire balance, including future lodgements, will earn interest at the Standard Demand Deposit Account interest rate.			

*To hold an Extra Deposit Account you must hold an Extra Current Account and lodge €2,000 monthly into the Extra Current Account in order to avail of the bonus on the Extra 12 Month Fixed Rate Account and on the Extra Regular Saver. The name on the Extra Deposit Account must match the name(s) on the Extra Current Account. Further Terms & Conditions including lodgement requirements apply, see kbc.ie for further details.

Note: Interest is subject to Deposit Interest Retention Tax (DIRT) where applicable. Terms & Conditions apply. The Interest Rate illustrates the daily interest payable on the account. The Gross Return Rate is the indicative rate of gross interest (before DIRT) that will be paid to the customer based on the length of time the funds are in the account. AER means annual equivalent rate and illustrates what the interest rate would be if interest was paid and compounded once each year (instead of monthly or over any other period). You may earn less than the AER because your money may not be invested for as long as a year. In the case of the Smart Access Demand Account, and the Regular Saver Account, interest is credited to the account annually in December each year. You may only open one Smart Access Demand Account in your sole name. In addition you may open a Smart Access Account jointly with another Customer. You can only open one Regular Saver Account with us in your sole name. In addition you may open one further Regular Saver Account jointly with another Personal Customer. In the case of the Standard Demand Account, interest is paid twice yearly in April and October or such other dates as we at our discretion may determine. In the case of Fixed Rate Term Accounts interest is paid at the end of the term or as specified by the account Terms & Conditions. Unless the Bank receives instruction(s) from you on or before the maturity date, the full balance in the account will be reinvested in a similar fixed term product at the prevailing interest rate for that product on that date. If on the maturity date there is no similar fixed term product available, the full balance in the account will be reinvested in our Standard Demand Deposit Account earning the then prevailing Standard Demand Deposit Account interest rate. Euro Personal Deposit Rates are correct as at 23rd November 2020 and subject to availability. Rates are subject to change, please visit www.kbc.ie for the most up to date rates. KBC Bank Ireland plc is regulated by the Central Bank of Ireland.
